EXPERIENCE

Cognifyz - Front-End Developer

JUNE 2024 - AUG 2024

- Built responsive, visually appealing user interfaces using HTML, CSS, JavaScript, and React.js.
- Improved UI consistency and user experience across multiple projects.
- Strengthened understanding of real-world application workflows and agile development practices.

PROJECTS

Jobby-App

[Live Demo](#)

- Developed a React.js-based job portal with JWT authentication and secure session handling using Cookies.
- Integrated job listings with detailed views, salary filters, and employment type filters.
- Implemented React Router for smooth navigation and user experience.

Nxt-Trendz

[Live Demo](#)

- Built a full-featured shopping app inspired by Amazon/Flipkart using React.js.
- Added product search, filtering, and sorting functionalities with real-time updates.
- Designed detailed product views with quantity adjustment and cart management.
- Integrated RESTful APIs for product data fetching and managed sessions with Cookies.
